A NEVADA CATTLE KING.

Dunphy's Possession; in Humboldt County.

Bob McBeth writes the Battle Mountain Messenger an account of a recent visit to the ranch of Wm Dunphy. The letter reads as follows:

Being in Battle Mountain the other day and meeting my old friend, William Dunphy, he invited me to accompany him out to his ranch.

I accepted the invitation, and his managing agent in this section of country, D. W. W. lace, accompanied us. The home house is about sixteen miles from Battle Mountain. The

next morning after our arrival we started on horseback to take a look among the cattle and horses inside of the inclosure; we traveled what I supposed to be about six miles before I found a fence. We went through the gate, and in a short time arrived at Argenta Station, where I saw the finest corral now on the line of the Central Pacific Railroad, for the loading or unloading of stock belonging to Mr. Dunphy. In the course of time we returned to the house, and I am of the opinion that this is the longest inclosed cattle ranch in the State of Nevada, there is over thirty miles of fencing upon it, and the ranges of mountains on the north and south make natural fences. The land inclosed will amount to at least nine miles square, which is divided into two fields by a fence running north and south near the center of the inclosure. These enclosures are kept during the Spring and Summer months free from stock until after haying, when the beef fit for market is gathered up and placed in those fields to be marketed as occasion may require, and also used for poor stock during the Winter. This is owned by William Dunphy, together with a large amount of land from his enclosure up the Humboldt to Maggie Creek. He also owns a large amount of land on Maggie and Boulder creeks, which gives him almost the exclusive right to the pasture outside of his inclosure for fifty miles east and west. He has belonging to this ranch from 12,000 to 15,000 head of cattle, and 150 to 200 head of horses used in handling them. Mr. Dunphy has shipped this fall 2,500 head of beef cattle from this ranch, in California 2,000, so as to give them the benefit of the early grass in California and to market them before the Nevada stock will be in condition for the San Francisco market. Aside from the above property belonging to Mr. Dunphy, he is interested in the firm of Dunphy & Hildreth, owning several large bands of cattle recently purchased, making Dunphy the (biggest) and largest cattle owner in the State of Nevada.

ROBERT McBETH

THE PEOPLE WANT PROOF.—There is no medicine prescribed by physicians, or sold by Druggists, that carries such evidence of its success and superior virtue as Boschee's German Syrup for severe Coughs, Colds settled on the breast, Consumption, or any disease of the Throat and Lungs. A proof of that fact is that any person afflicted, can get a Sample Bottle for 10 cents and try its superior effect before buying the regular size at 75 cents. It has lately been introduced in this country from Germany, and its wonderful cures are astonishing everyone that uses it. Three doses will relieve any case. Try it. Sold by all Druggists.

WHEN a man gives \$5 to a charity he likes to see his name in print, and he goes on at a frightful rate if the newspapers "don't publish the news," but when he visits a "resort," and is gently pulled in by the police, and his name adorns the local columns, "these newspapers are souring around, pointing every confounded thing they can git hold of."

"A THING of beauty is a joy forever." This poetical adage was never more truthfully illustrated than at I. Fredrick's jewelry store. His new stock of Christmas presents are marvels of beauty, quality and cheapness.

AND STILL THEY COME!—In close times like these men desire to have their money go as far as possible; hence, in making their purchase of such necessary articles of wear as boots and shoes they naturally consult quality as well as price. They want good material supplied at reasonable rates as can be offered. All this is preliminary to requesting the public to call upon us for the purpose of examining the quality of our work and ascertaining the very moderate prices at which we are furnishing it to our customers. A word to the wise is sufficient.

BARNETT'S BOAR & SHOE STORE,
Virginia street.

WHO WANTS BARGAINS?—The dissolution sale of Barnett Bros. offers extra inducements just now, if you have the coin and need Dry Goods, Clothing, etc., of any kind. They sell without regard to cost, as a glance at their price list in another part of this paper shows. Let all who want bargains call on them as they mean just what they say. All indebted to them are desired to come up and settle immediately.

FOR THE HOLIDAYS—Just received at Queen's Drug Store, Opera House, west side Virginia street, new and elegant Toilet Sets, Cut Glass Bottles, French Plate Hand Mirrors, Pearl Handled Hair Brushes, Imperial Dressing Combs, genuine Lubin's Extracts, genuine Lubin's Soaps, choicest Bolognes, and many other useful and beautiful holiday presents, all first-class, at reasonable prices.

GREAT REDUCTION IN PRICES.—Lubin's extracts for 7 bits, \$1 patent medicines for 7 bits, 75 cents patent medicines for 5 bits, Florida water for 4 bits. All other patent medicines and toilet preparations cheaper than can be bought elsewhere. Prescriptions carefully compounded at greatly reduced rates at Osburn & Shoemaker's drug store.

COMPETITION IS THE LIFE OF TRADE.—This may be so, but it opens a field to unsoropulous merchants to palm off spurious for the genuine article. This is not so at S. N. Davidson's jewelry store, for, although his prices are lower than ever before, he will warrant everything sent out of his store as represented. A fine stock of holiday goods just received. Call and see them.

COMPETITION is said to be the life of trade. This may be so, but it opens a field to unsoropulous merchants to palm off spurious for the genuine article. This is not so at I. Fredrick's jewelry store, for although his prices are lower than ever before, he will warrant everything sent out of his store as represented.

Go to the City Drug Store if you want pure, fresh drugs and medicines, hair and tooth Brushes, Toilet Soaps, Lubin Extracts and Florida Water, and all articles usually kept in a drug store, sold cheap, for cash. Prescriptions accurately compounded, day and night.

MATHESON & MCRAE,

Those Patent Illuminating Lamps, for which the "City Drug Store" are agents, are just the thing to suit the times, gives as good a light as gas, at half the expense, and no danger of breaking chimneys. Those in need of good light will find it to their advantage to call and see them.

OWING to the recent stock panic many poor children will miss the usual visit of Santa Claus; still this need not be so, for you can buy all sorts of nice presents cheaper than ever at I. Fredrick's jewelry store.

STEPHEN CONNER has 40 acres of valuable building and vegetable land for sale in the edge of town; well fenced and water running through it.

Go to G. W. Cunningham's for choice, first class Family Groceries, and Provisions. I defy competition for quality and price. East side of Virginia Street, Reno, Nevada.

THE SIMPLEST, BEST AND MOST DURABLE MACHINES—the New American—for sale for \$30, at S. N. Davidson's Jeweler.

FOR SALE.—A horse and buggy, terms cash. A bargain. To be seen at Hymers & Chism's stables.

RENO ought to have a woolen mill to accommodate the trade of this section. Fifty thousand dollars would carry out the project, and the investment would net a profit of fifteen hundred dollars monthly. Why don't some of the men, to whom the State has kindly dealt, help the country out, by investing some of their money in such an enterprise.

The financial showing made by Washoe county, published in the JOURNAL a few days ago, is being extensively copied and commented upon by the State press. With all her faults Washoe is the best county in the State for the poor man to make himself a home. Neither has capital cause to complain. It has no more inviting field, and the future is bright for both capital and labor.

It is not true that the bonanza crowd control Sierra Nevada. They have got everything else, but not that. Johnnie Skae controls Sierra Nevada, but the bonanza crowd control Skae.

The Gold Hill News is responsible for the following: "Rev. A. Drahm lectured in Reno last Sunday night on 'The Dry Rot.' No danger of Renosites being carried off by the dry rot so long as A. Drahm is to be found in the village."

The basement and first story of the Convent have been raised and yesterday the workmen were at work on the second story. The building will be a very pretentious one when completed.

JACK WEXIE, who was warned out of Reno by the Vigilantes recently, has been convicted in Virginia of an assault with intent to kill John Singleton.

CHARLES KNUST's Christmas stock is disappearing very rapidly. Charlie brought up first what was needed here. For the next few days he will sell cheaper than ever.

It is said that the California will pay monthly dividends right along, and that Con. Virginia will resume in February.

Bear in mind the musical rehearsal at the Seminary this evening, and be on hand promptly at the appointed time.

And still they skate. All other sensations fail before this novelty of Nature's.

Reno's Negligence---An Immediate Duty.

So much of Reno's prosperity depends on her trade drawn from a distance that we cannot refrain from again calling attention to this subject. Of all the fields open to her, by far the largest is that from which she at present draws the least trade. That portion of Modoc county, Cal., lying west of the Sierra Nevadas and north of Alturas, together with a much larger

portion of Oregon, should all drain to Reno. North of Goose Lake Valley are Summer Lake, Silver Lake, Chewaucan and Drew's Valleys, having in winter no open outlet to the railroad except via Surprise Valley to Reno. Yet, by neglect and apathy on Reno's part, an obstacle, which one thousand dollars would overcome, has been allowed to divert all this trade to Redding, on the California and Oregon Railroad. At present it costs four cents per pound to ship freight from Redding to Willow Ranch, in Goose Lake Valley; while for two and a half cents it can be sent from here to a point in Surprise Valley only twelve miles from Willow Ranch. The intervening mountain over which a good road could be made for the sum mentioned now turns

ALL THIS TRADE

From our doors. This road would be open at all seasons and would soon be the main thoroughfare to the valleys spoken of. As it is, Redding by her superior enterprise draws the trade. She has expended considerable money on roads and has secured rapid mail communication with all these points, while Reno, at the natural outlet to this region, has allowed a small obstacle to close her road and has, until very recently, had no communication with this region except by the most circuitous and difficult routes, and now she is likely to have the benefits of this trade thrust upon her. A gentleman from Surprise Valley tells us that if the present mail service to Willow Ranch be increased to a daily, as it undoubtedly should, the people of Surprise Valley and the stage company will feel that the prospects of travel will

JUSTIFY THEM

In making the road over the mountain, surely Reno should at least give her influence, if nothing else, to put us in the closest possible connection with our most important tributary. While Reno has had only one disadvantage (the higher railroad freights, about half a cent per pound) to contend with, Redding has, by a little energy, completely outstripped her in competition for this trade. She has built roads and secured mail facilities over a very difficult country where each returning winter closes those roads and renders

THE MAILS

Very uncertain. All this time Reno, with her folded hands in her lap, sits waiting until the necessities of this trade compels it to come her way. For years she turned a deaf ear to the request of this region for direct mail communication, and was content to send her correspondence with it by way of Susanville over a route which has been blocked to the mail for six weeks at a time. By such indifference she sent thousands of dollars to Redding. But even now, if she will, she may have what she has so long declined. A very little attention to her opportunities at this time may prove sufficient to rectify past mistakes. Let it be remembered that even the Oregonians on the Columbia river are now entering the field as competitors for these benefits.

Business.

Two Celestials engaged in a fight in Chinatown yesterday morning and Judge Bowker sentenced the assailant to pay a fine of \$16 and costs. The pig-tail ponied up, and the County Treasury is richer by \$16. Also the officers have some ready cash now on hand.

Jailer.

We bear it stated that Mr. N. C. Haslund is to be Jailer under Sheriff Walker. We know of no one more competent to discharge the duties of that important station, and we hope in this instance Dame Rumor has not been misquoted.

New York Herald.

The advertisement of the New York Herald is worth reading. The Herald heads the list of United States newspapers, and the trifling subscription price should insure it a place in every household.

Fire Department Affairs.

It will be interesting to taxpayers to know exactly the financial condition of the Fire Department. All outstanding claims have been paid, with the exception of the note of John Stone which, with principal and interest, amounts on the 1st of January to \$2,360. To offset this there is \$1,300 in the Fund, which the Trustees will pay to Mr. Stone on the 1st. To commence the new year then we shall be just about \$1,000 in debt. The current expenses for 1879 will not be over \$400, but \$180 interest on the \$1,000 owed must be added, which will make the total \$580. In order to save ground rent of \$120, the Trustees intend either to buy a \$500 lot, or apply to the C. P. R. R. for permission to put the engine house close to the cistern, west of Earl's depot. If a lot is purchased total expense of the year will be \$1,080, which, with the \$1,000 debt, will make us \$2,080 in debt next Fall. So it will require a special tax of at least 20 cents next year to pull the Department out of debt. After next year a tax of 5 cents will be sufficient. Our engines and other property is valued at \$6,500.

Fine Goods.

Osburn & Shoemaker are in receipt of an elegant stock of fancy goods, perfumery, blown glass, porcelain ware, etc. We do not remember ever seeing a better assortment in town. They have a line of articles especially suitable for holiday presents, and those intending to make presents should give these gentlemen a call soon.

Spelling.

On this Wednesday evening another spelling bee will be given in the M. E. Church, open for all contestants. An admission of 25 cents will be charged at the door. Several prizes will be awarded.

The Ah Chuey case is still in the Supreme Court. It be hangs that event will not take place until next year, so the present incumbent will not be required to perform the unwelcome duty. Ah Chuey takes everything as a matter of course and calmly smokes his pipe.

The Hutchinson Family appear at the Academy of Music to-morrow evening. They are receiving very favorable mention wherever they appear. Reno appreciates good entertainments as well as any town and always patronizes them.

L. W. Lee yesterday shipped 300 head of beef cattle 281 of them to Todhunter, at Sacramento and Oakland, and one car 19 head to Jos. Marzen at Truckee.

TRAMPS do not thrive in this cold weather and as a consequence they are very scarce hereabouts. Chickens and hay stacks breath free in consequence.

FRIDAY next closes the present term of school. We understand the teachers are making considerable preparations for the "last day" exercises.

The musicale at the School for Girls to-night will no doubt be very pleasant, and will be attended by a large number of the friends and patrons of the school.

DR. PATTERSON, of Cedarville, is in town. We are indebted to him for much valuable information of our northern country.

RENO ENGINE CO. NO. 1, is in a healthy financial condition, having over \$600 in the Treasury.

Yesterday was more of a Summer day, than some we have had lately.

See fourth page for other reading matter.

Business.

The heaviest frost known for years fell in Los Angeles, Cal., on Friday night last, doing considerable damage to orange and banana trees.

It is now confidently asserted that the whole face of the incline in the Sierra Nevada is in rich ore. Having long followed the vine, they are now coming to the pumpkin.

HOLIDAY Goods.—Osburn & Shoemaker have just received from the East the finest assortment of vases, toilet sets, perfumery, card cases, ladies pocket books, and fancy articles of all kinds ever afforded to the people of Reno. Call and see them. No trouble to show them.

JOHN CAWZIS is fitting up the place next to Davidson's and will have one of the costliest saloons in the State in running order in a very few days.

And still they skate. All other sensations fail before this novelty of Nature's.

THE BULLION TAX.

(From the Elko Post.)

The taxpayers of this State will watch closely the course of the members of the Senate and Assembly who were elected at the late election. It is well known, the bullion tax question was a prominent issue of the campaign, and nearly every member of the Legislature was elected upon a pledge to prevent any modification or interference with that law. It is also well known that the Bonanza crew refused for a long time to pay taxes upon the proceeds of their mines, and only did so after the highest judicial tribunal in the United States decided that they must comply with the law; or rather, that they so refused until they were morally certain that the Supreme Court would decide adversely to them. Then they paid their back taxes, and in a day or two the decision of the Supreme Court of the United States was received. Of course, the charitable view of the case would be that these millionaire mine owners had no knowledge of the intentions of that judicial body, but had regard rather for the shaky financial condition of the State and county treasuries. We do not take that charitable view of the case nor do the people of this State. The Bonanza company paid their back taxes, but did not pay the penalty for delinquency, amounting to about \$125,000, which they still owe. It is the duty of the next Legislature to insist upon the payment of this sum, and no member who was pledged against a modification of the bullion tax can conscientiously vote to release the Bonanza company from their legal obligations. That a relief bill for that purpose will be introduced seems probable, and the people will expect it to be defeated by the votes of the honest members of both Houses. There must be no crayfishing or whipping the devil around the stump in this matter. The question must be met squarely and the rich mine owners placed on the same plane, as regards taxation and the collection of taxes, with the man who is worth only \$500 and is required to pay taxes on that whole amount. Collect the penalty according to law, first, and if it can be shown that the tax on the proceeds of the mines is exorbitant and oppressive, or out of proportion to what is borne by other classes of property, and that taxation on all property may be safely reduced, then, of course, the mines should share the benefits of such reduction, but not otherwise.

WANTED.—Before the 1st of January, \$25,000! We offer as an equivalent \$50,000 worth of dry goods, fancy goods and clothing. Starting as the above announcement is, nevertheless it is true, Necessity knows no law, nor rule of business. We take this unusual method with the full knowledge of the sacrifice we have to suffer; but we are compelled to raise the above amount of money within 30 days, and offer all the inducements in our power to succeed. We will sell black French silks (genuine Bonnets), from \$1 to \$3. Colored satins, black cashmeres, mourning goods, crape cloth, shawls, dress goods, fancy and domestic goods, cloaks for ladies and children, carpets and wall paper, of all description, at such rates that they are within the reach of all, and everybody will be able to make handsome presents for the holidays, with small investments. We also call especial attention to our immense stock of clothing, which we intend to close out entirely, as we propose to enlarge our dry goods business. We reduced this stock so exceedingly low that it would be folly for anybody wanting to buy men's or boys' clothing, to go in any other house. Give us a call, examine and be convinced.
